**Guidelines for the Establishment of Curriculum Committee of International Master Program in Marine Biotechnology and Environmental Ecology Sustainability, College of Life Sciences, National Taiwan Ocean University (revision)**

Established by the Program preparatory committee on May 05, 2023

Approved by the College Curriculum Committee Meeting on November 8, 2023

Approved by the Curriculum Committee Meeting on November 31, 2023

Issued MEE No. 1120012071 on March 26, 2024

Article 1 To improve the quality of the course and the effectiveness of teaching, hereby establishes the Curriculum Committee of International Master Program in Marine Biotechnology and Environmental Ecology Sustainability (hereinafter referred to as the Committee) in accordance with the provisions of Article 3 of the School's Guidelines for the Establishment of Curriculum Committee.

Article 2 The committee shall have one chairman, concurrently served by the Program Director; five members: three are mutually recommended by the full-time Program faculty and co-appointed School faculty, one student representative of the Program, and a representative of graduate alumni, or external scholars and experts, or from the industry. Members are elected for a term of one year and are eligible for re-election.

The Program director nominates the external scholars and experts, industry or alumni representatives, and submits to the Principal to select one and appoint him/her to the position.

Article 3 The duties of the committee are as follows:

1. Curriculum planning, research, and review.
2. Matters related to the course evaluation.
3. Resolutions and implementation of other course-related matters.

Article 4 The committee meeting is held once every semester, and the chairman may hold an interim meeting as needed.

Article 5 The Guidelines shall be promulgated and implemented after being approved by the Program Meeting and submitted to the curriculum committee of the college and school for reference.
